Overview

This document aims to cover the workflows of LMS connect and how teachers and students would go about interacting with the ADA portal and Schoology LMS using LMS connect.

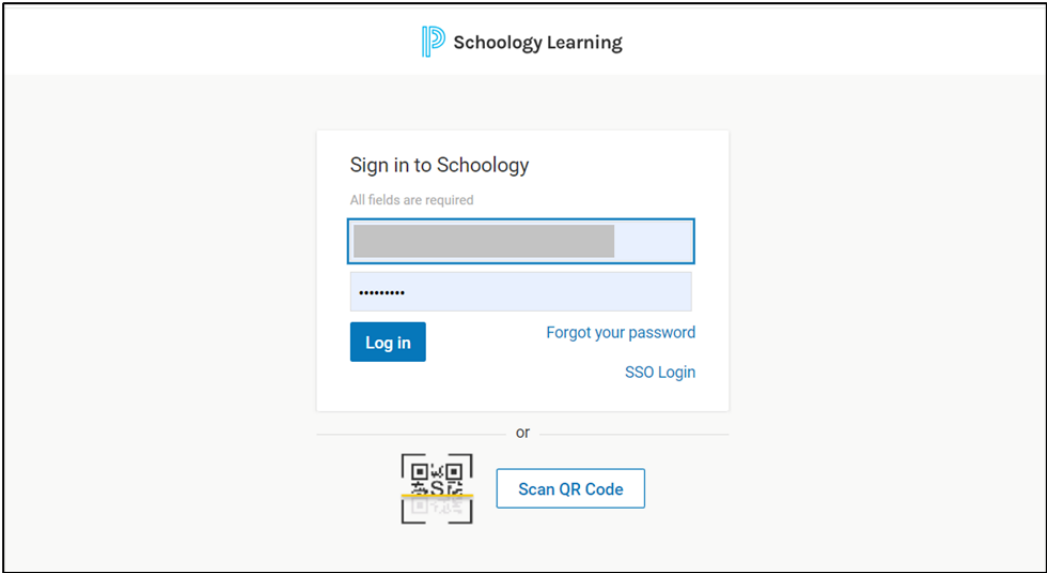

This document will cover the following items:

1. Teacher workflow for assigning an assessment to their Students from Mydamath.com to the Schoology LMS.
2. Student workflow of taking the assessment.
3. Grade pass back workflow

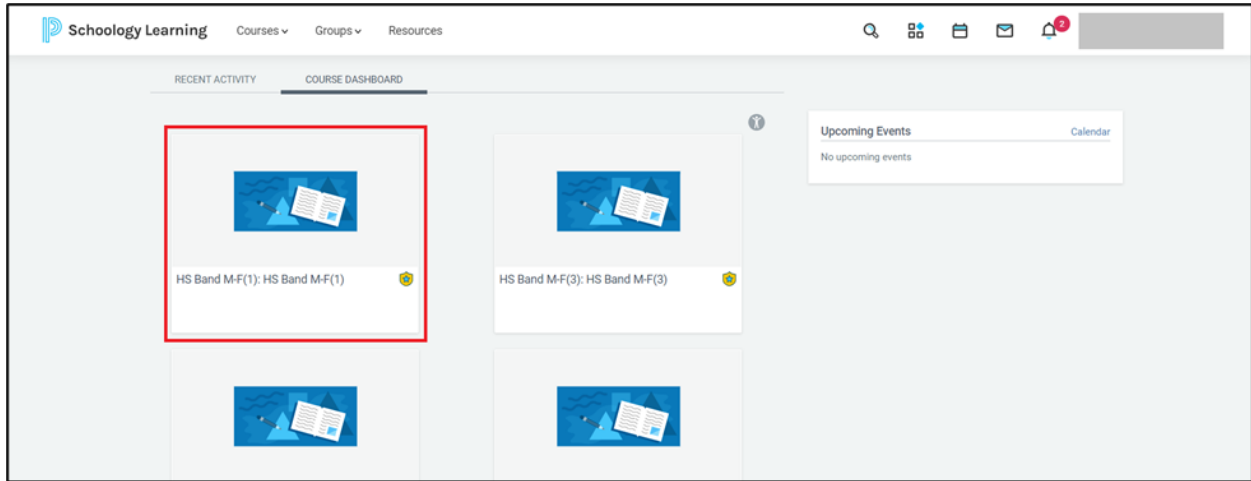

Steps for Teachers to Assign

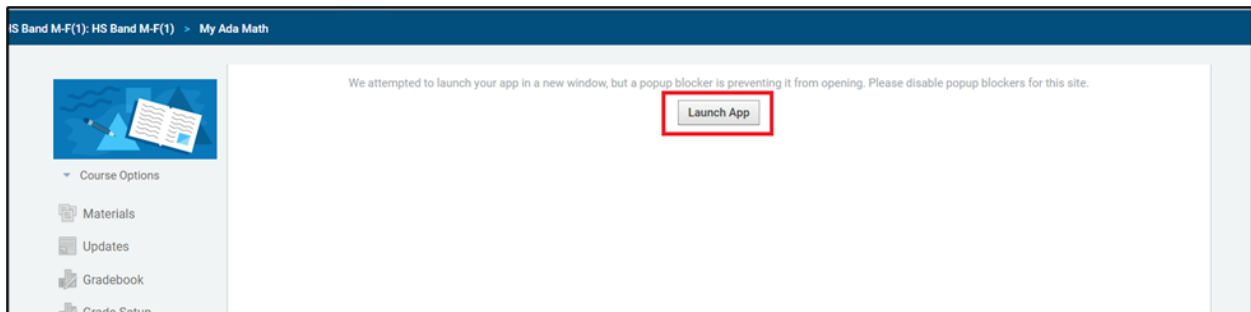

Step 1: The Teacher will log into the Schoology LMS portal.

Step 2: The Teacher will select a course inside the **Course Dashboard** tab on *the Home* page.

Step 3: If the district is connected to LMS Connect then the **My Ada Math** app should be available on the left-hand side menu option. Selecting the My Ada Math app will redirect the teacher to the Clever portal page. If the user does not get redirected automatically inside the option, they will see **Launch App** button.

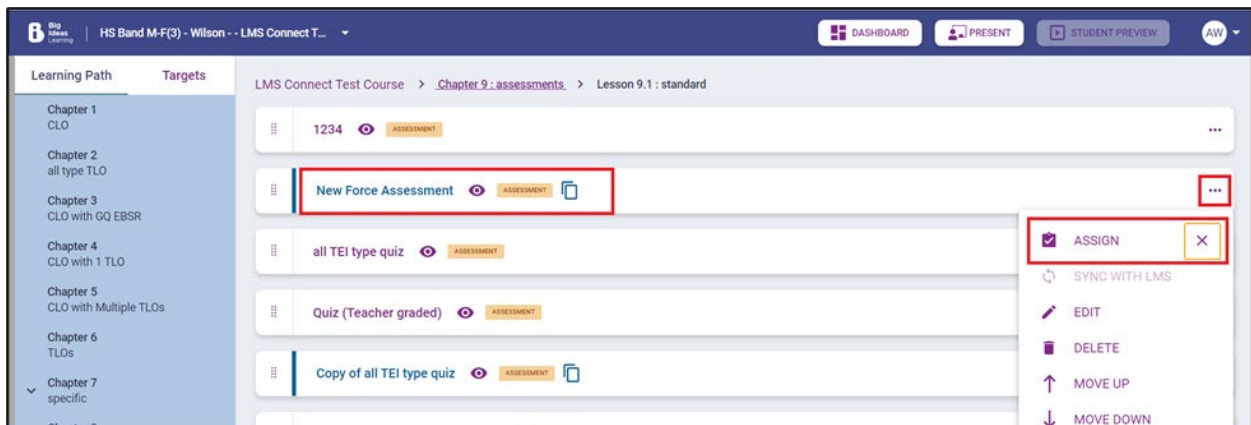

Step 4: When the Teacher selects the **Launch App** button, they will be redirected to the Clever portal to authenticate the user. Clever will authenticate the teacher and will be redirected the teacher to the ADA portal's Dashboard.

Step 5: Selecting **Plan** on the course card will redirect the teacher to the *Course Details* page, where they can view assessments.

Step 6: The teacher can assign these by clicking the three dots menu icon and selecting the **Assign** option. *Note: Assessments are of two types: Practice and Graded. Both types can be assigned to students.*

Step 7: Upon selecting Assign, a **Create Assignment** modal will open. Teachers will fill in the following information.

1. Name of the assignment: Enter name manually.
2. Description of the assignment: Enter description manually.
3. Start Date: Select the start date of the assignment from the date picker.
4. End Date: Select the end date of the assignment from the date picker.

The screenshot shows a modal titled "Create Assignment - Specify Details". It has a close button (X) in the top right corner. Below the title, there is a note: "*Fields are required". The form includes the following fields:

- Name *: "New Force Assessment"
- Description: (empty)
- Set Start Time to Now:
- Start Date and Time*: 11-Jul-2024 04:10 PM
- Due Date and Time*: 12-Jul-2024 04:10 PM

At the bottom right, there are two buttons: "NEXT" (highlighted with a red box) and "CANCEL".

Step 8: Choose the students who will take the assignment and select **Assign**.

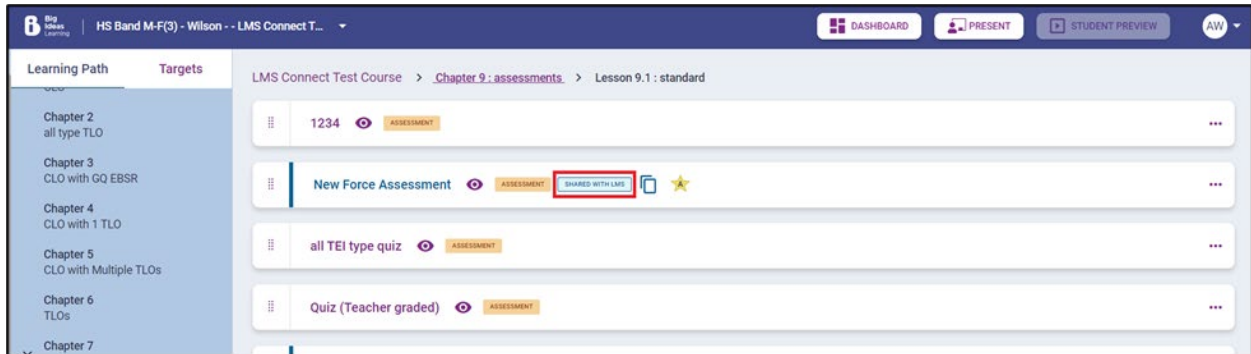

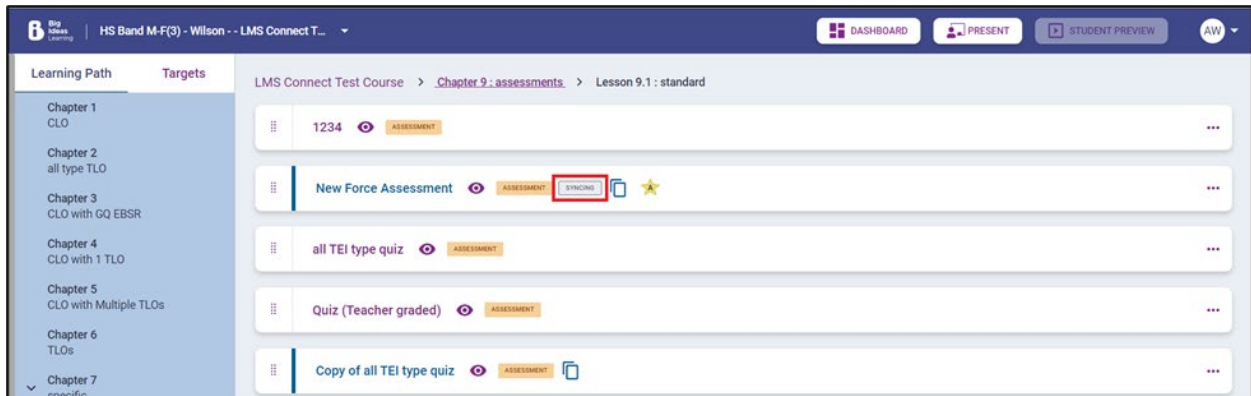

The screenshot shows a modal titled "Create Assignment - Select Assignees". It has a close button (X) in the top right corner. Below the title, there is a note: "Assignee Type ⓘ RESET ASSIGNEES". The form includes the following elements:

- Assignee Type: Individual Students, Groups
- Search using student name: (empty search bar)
- Students list:
 - Select All (highlighted with a red box)
 - A Thomas
 - Abigail Brown
 - Alexander Jinglehimer...
 - Aubrey Keihanaikukau...
 - Bartholomew Harris
 - David Thompson
 - David Smith
 - Ella Davis
 - Emily Li
 - Emma White
 - Isabella Johnson
 - John Paul Thompson

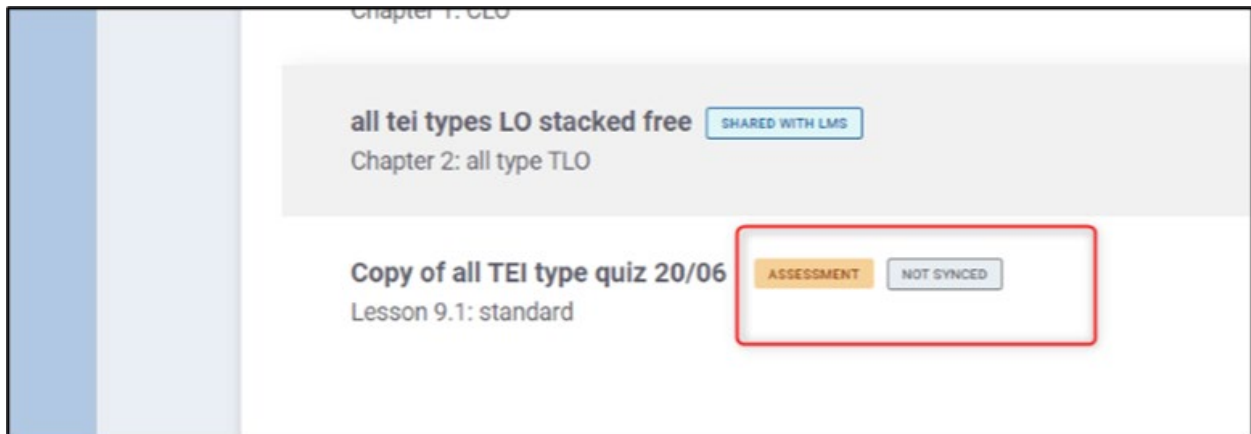

At the bottom right, there are two buttons: "ASSIGN" (highlighted with a red box) and "CANCEL". A status bar at the bottom indicates "21 students selected".

Step 9: When the Teacher clicks on “Assign”, the assessment will now be assigned to the selected students on the Schoology LMS for this class. When the assessment is syncing, a status label **SYNCING** will be visible to the Teacher. On success, the status label message will change to **SHARED WITH LMS**.

Cross-listing is not currently supported by LMS Connect. Assignments will need to be created for each class in My Ada Math and synced to each class in the LMS.

If the sync fails, then a **NOT SYNCED** label appears and it will not appear in the LMS.

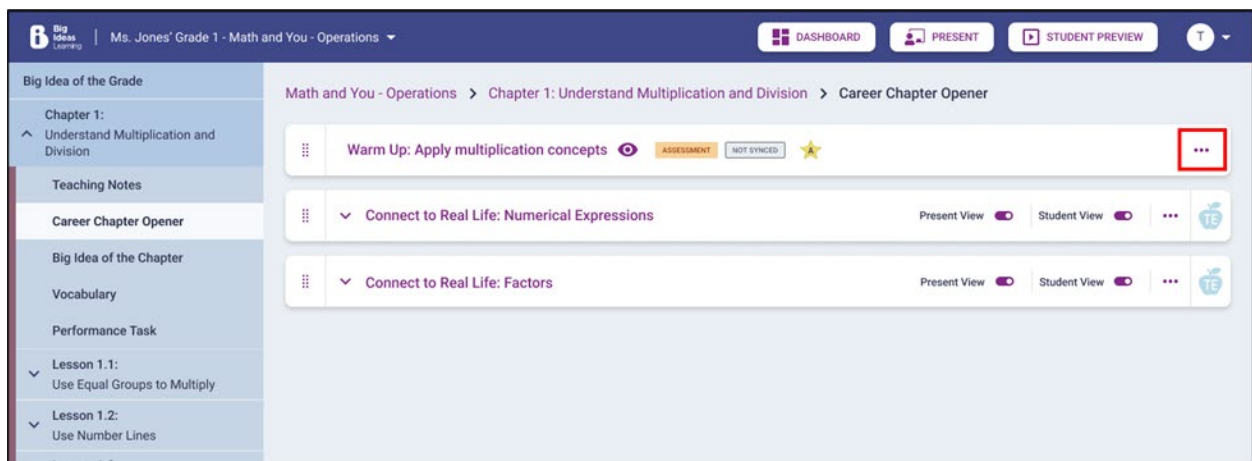

Syncing Assignment Manually

If the assignment fails to sync with the LMS, the teacher can manually sync it from two places:

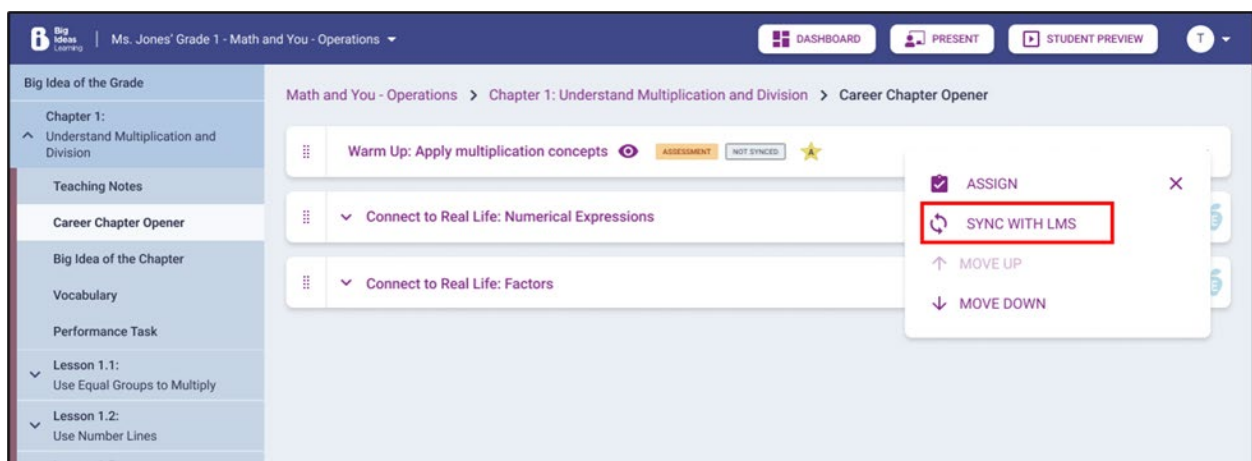

1. Plan Mode
2. Dashboard

Plan Mode

Step 1: If the assignment is still not synced with the LMS, a **NOT SYNCED** label will appear. The Teacher can manually try syncing via the **three-dot menu**.

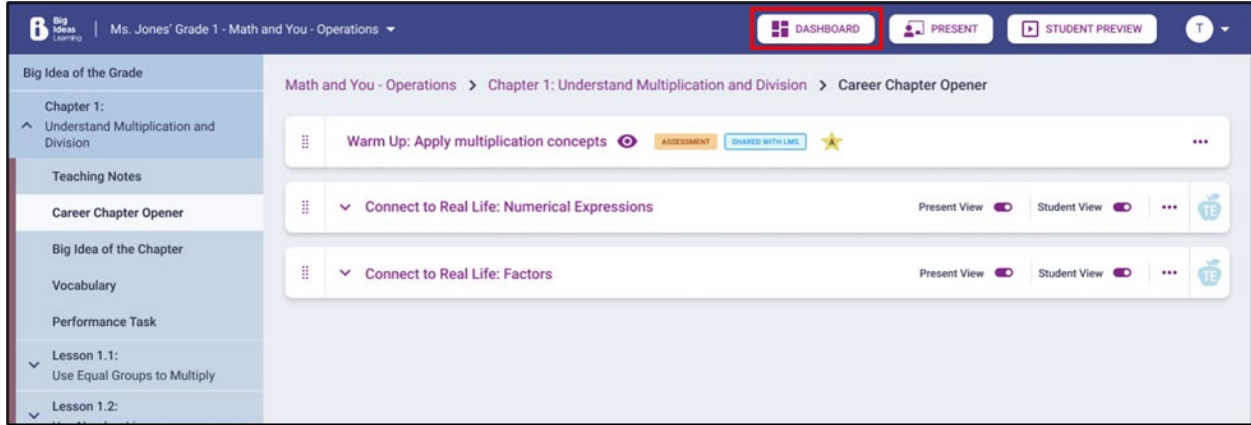

Step 2: On selecting **Sync with LMS**, the system will try syncing the assignment with the LMS.

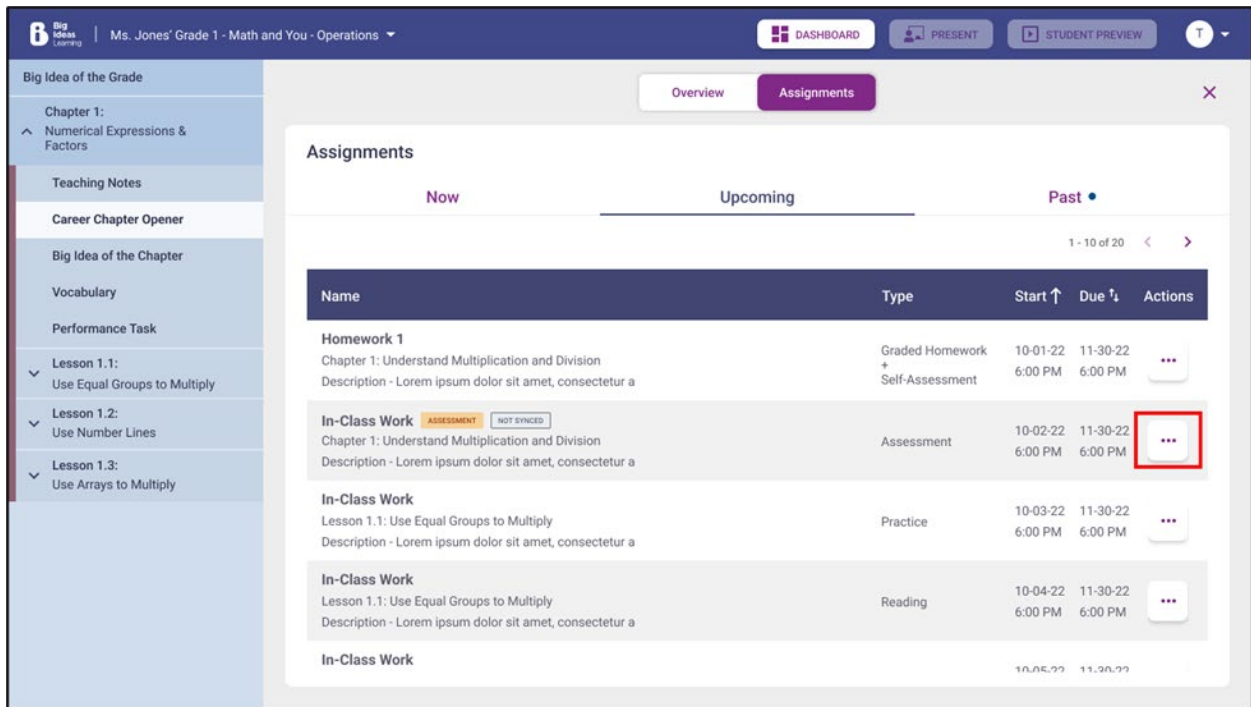

If the sync is successful, the label will display **SHARED WITH LMS** or else it will remain **NOT SYNCED**.

Dashboard

Step 1: Assignments that have not synced properly with the LMS will also be visible from the **Assignments** tab on the Dashboard.

Step 2: The teacher will have the option to try syncing the assessment manually from the **three-dot menu**.

Step 3: On selecting **Sync with LMS**, the system will try syncing the assignment with the LMS.

The screenshot shows the 'Assignments' page in the Big Ideas Learning system. The left sidebar contains a navigation menu with categories like 'Big Idea of the Grade', 'Chapter 1: Numerical Expressions & Factors', 'Teaching Notes', 'Career Chapter Opener', 'Big Idea of the Chapter', 'Vocabulary', 'Performance Task', and 'Lesson 1.1: Use Equal Groups to Multiply'. The main content area is titled 'Assignments' and has tabs for 'Now', 'Upcoming', and 'Past'. The 'Upcoming' tab is active, showing a list of assignments. One assignment, 'In-Class Work', is highlighted with a red box around its 'SYNC WITH LMS' button in the actions menu. Other assignments include 'Homework 1' and another 'In-Class Work'.

Name	Type	Start ↑	Due ↑	Actions
Homework 1 Chapter 1: Understand Multiplication and Division Description - Lorem ipsum dolor sit amet, consectetur a	Graded Homework Self-Assessment	10-01-22 6:00 PM	11-30-22 6:00 PM	...
In-Class Work ASSESSMENT NOT SYNCED Chapter 1: Understand Multiplication and Division Description - Lorem ipsum dolor sit amet, consectetur a	Assessment			EDIT REMOVE SYNC WITH LMS
In-Class Work Lesson 1.1: Use Equal Groups to Multiply Description - Lorem ipsum dolor sit amet, consectetur a	Practice			
In-Class Work Lesson 1.1: Use Equal Groups to Multiply Description - Lorem ipsum dolor sit amet, consectetur a	Reading	10-04-22 6:00 PM	11-30-22 6:00 PM	...

Step 4: Once the assignment is successfully shared with the LMS, the **SHARED WITH LMS** label will appear next to the assignment.

The screenshot shows the 'Assignments' page in the Big Ideas Learning system for 'Physical Education Grade 1 - Miller - LMS'. The left sidebar contains a navigation menu with categories like 'Learning Path', 'Chapter 1 CLO', 'Chapter 2 all type TLO', 'Chapter 3 CLO with GQ EBSR', 'Chapter 4 CLO with 1 TLO', 'Chapter 5 CLO with Multiple TLOs', 'Chapter 6 TLOs', 'Chapter 7 specific', and 'Chapter 8 CLO case check'. The main content area is titled 'Assignments' and has tabs for 'Now', 'Upcoming', and 'Past'. The 'Upcoming' tab is active, showing a list of assignments. The 'media TMLO' assignment now has a 'SHARED WITH LMS' label. Other assignments include 'Demo Assessment Updated'.

Name	Type	Start ↑	Due ↑	Not Started	Completed	Graded	Actions
media TMLO SHARED WITH LMS Chapter 11: TMLO Description - now tab	Text + Self-assessment	06-13-24 7:20 PM	06-14-24 7:30 PM	6 of 6	0 of 6	0 of 0	...
Demo Assessment Updated SHARED WITH LMS Chapter 1: CLO Description - New Description	Pre-check + Self-assessment	06-13-24 8:50 PM	06-14-24 8:50 PM	5 of 5	0 of 5	0 of 0	...

Step 5: Once the assignment is synced successfully, it will be visible on the LMS. The teacher can view it from the notification panel or in **Materials** section for that specific class.

Steps for the Students to submit the assignments

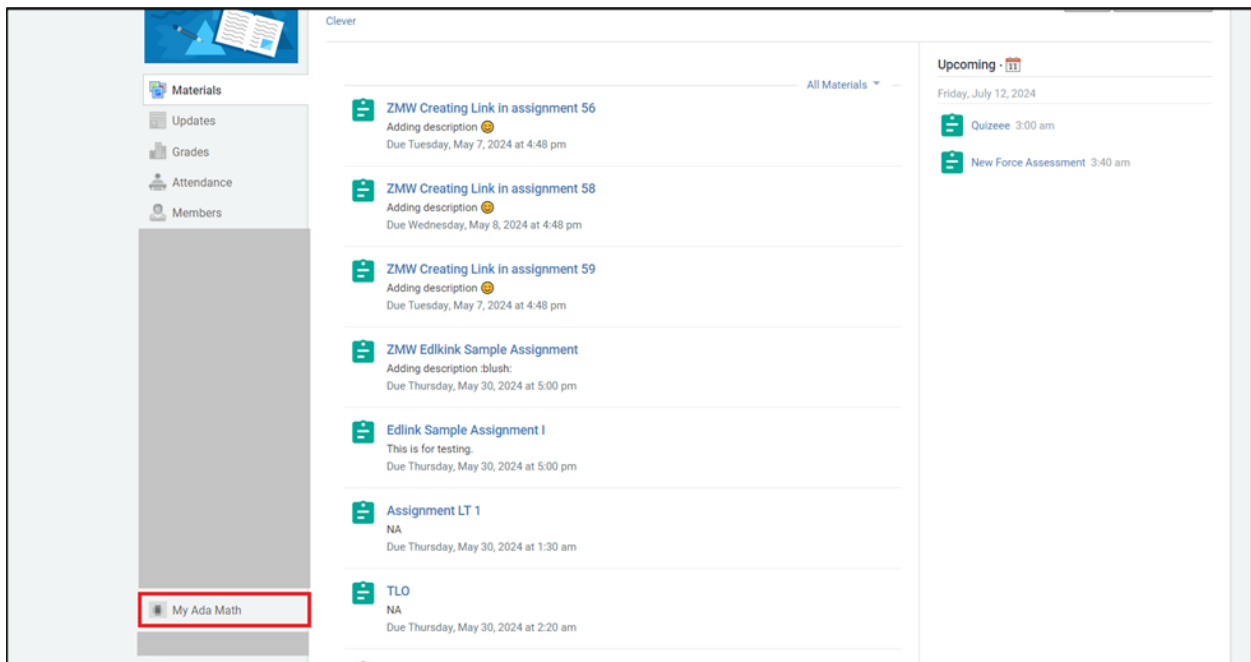

Step 1: The student will log in to their Schoology LMS.

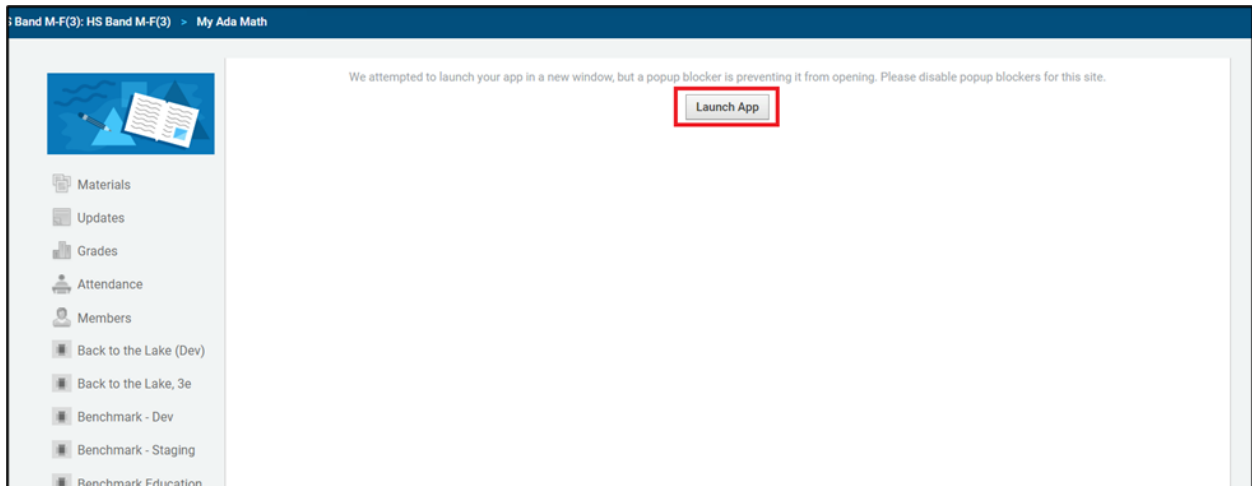

Step 2: The student will select a course inside the **Course Dashboard** tab on *the Home* page.

Step 3: If the district is connected to LMS Connect then the **My Ada Math** app should be available on the left-hand side menu option. Selecting the My Ada Math app will redirect the student to the Clever portal page. If the student does not get redirected automatically inside the option, they will see the **Launch App** button.

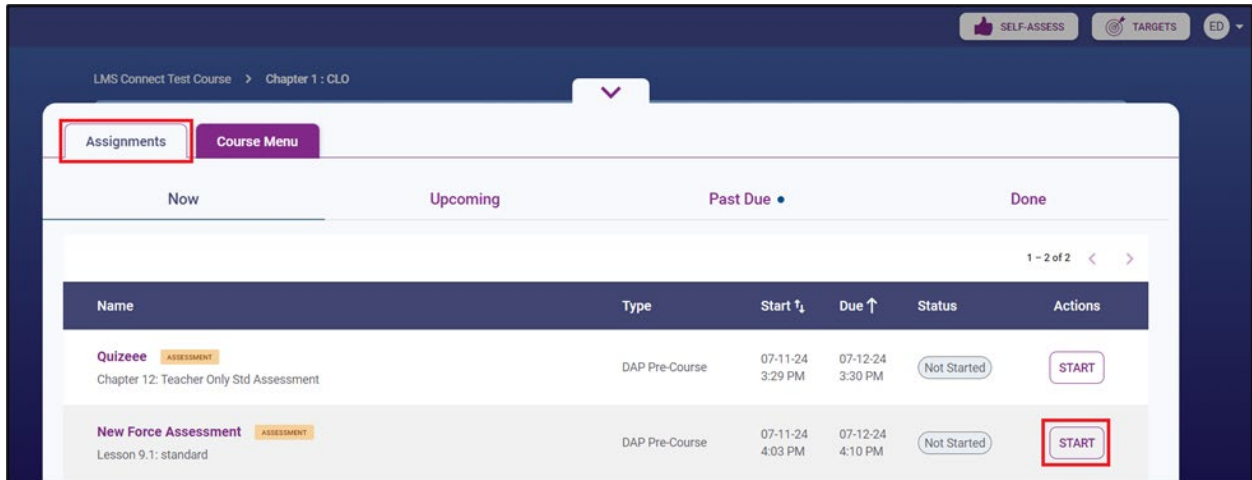

Step 4: When the Student selects the **Launch App** button, they will be redirected to the Clever portal to authenticate the user. Clever will authenticate the user and will redirect them to the ADA portal's Dashboard.

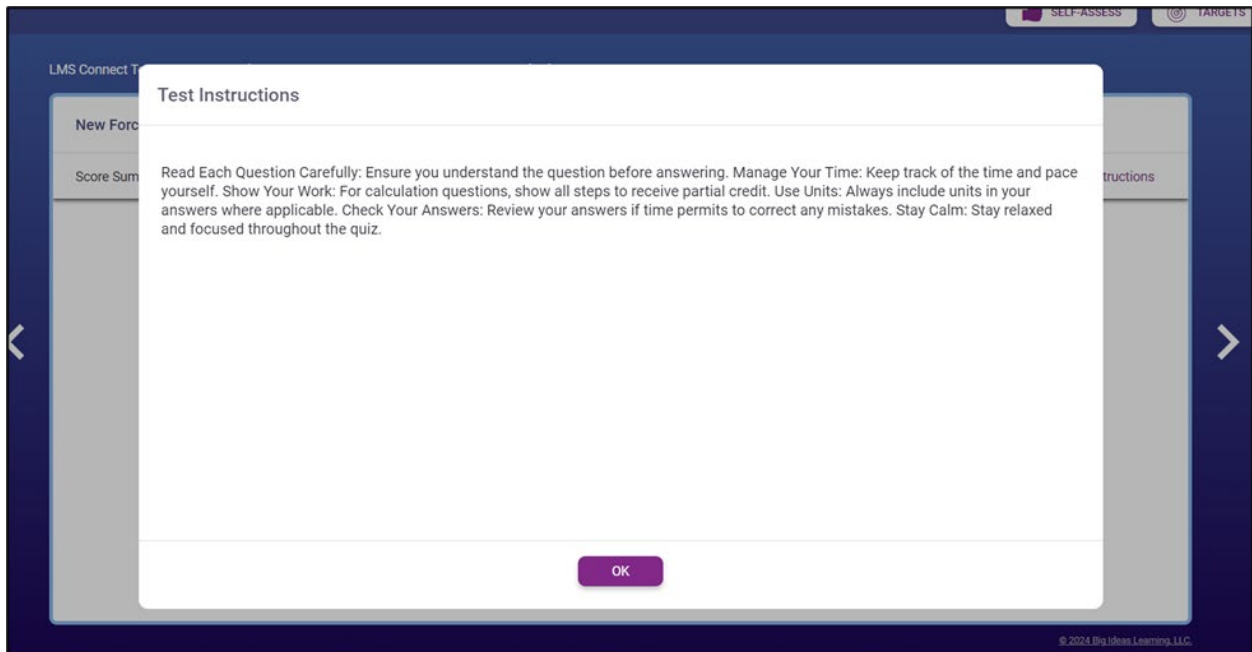

Step 5: Clicking **Open** will redirect the student to the assignment view page. In the Assignment Tab, the student can see a list of all New, Upcoming, Past Due, and Completed assignments.

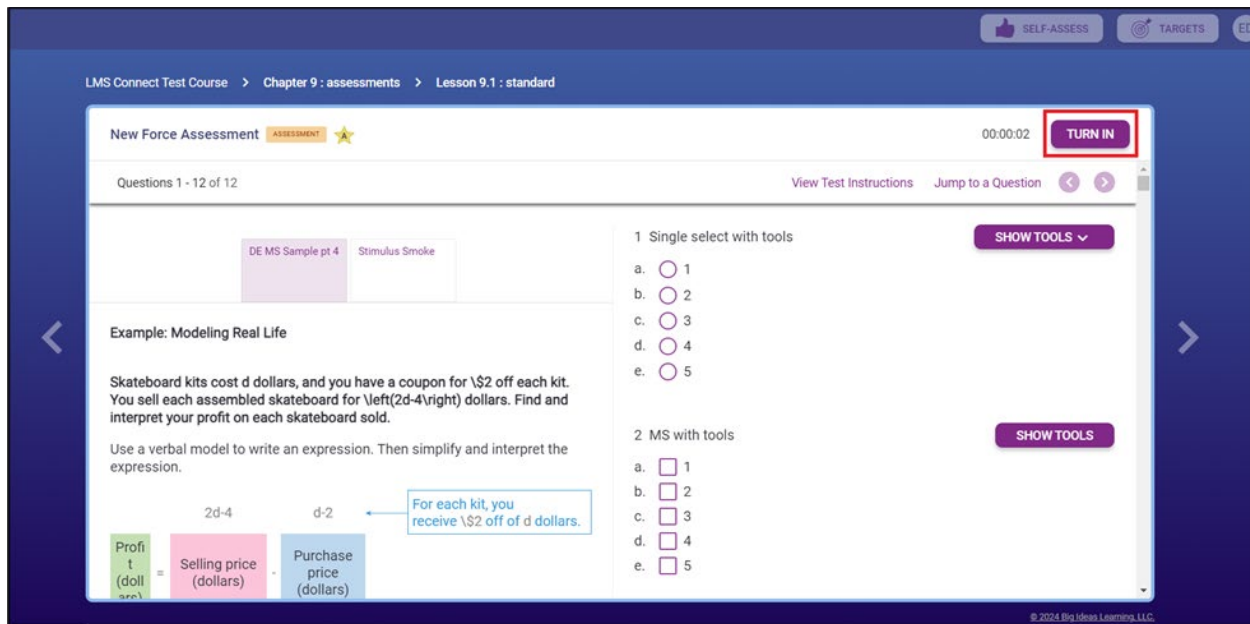

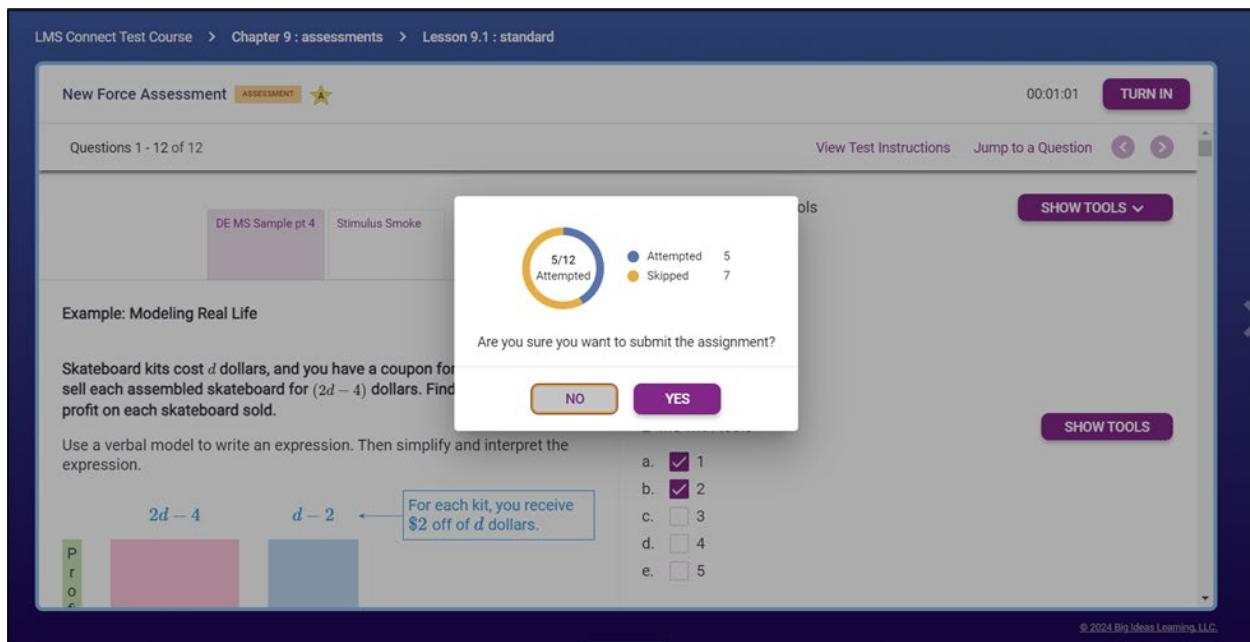

Step 6: The student can begin the assignment by clicking **Start**. Before starting, they will see a list of instructions from the teacher.

Step 7: Once the student has attempted all the questions, they can submit the assignment by clicking the **TURN IN** button.

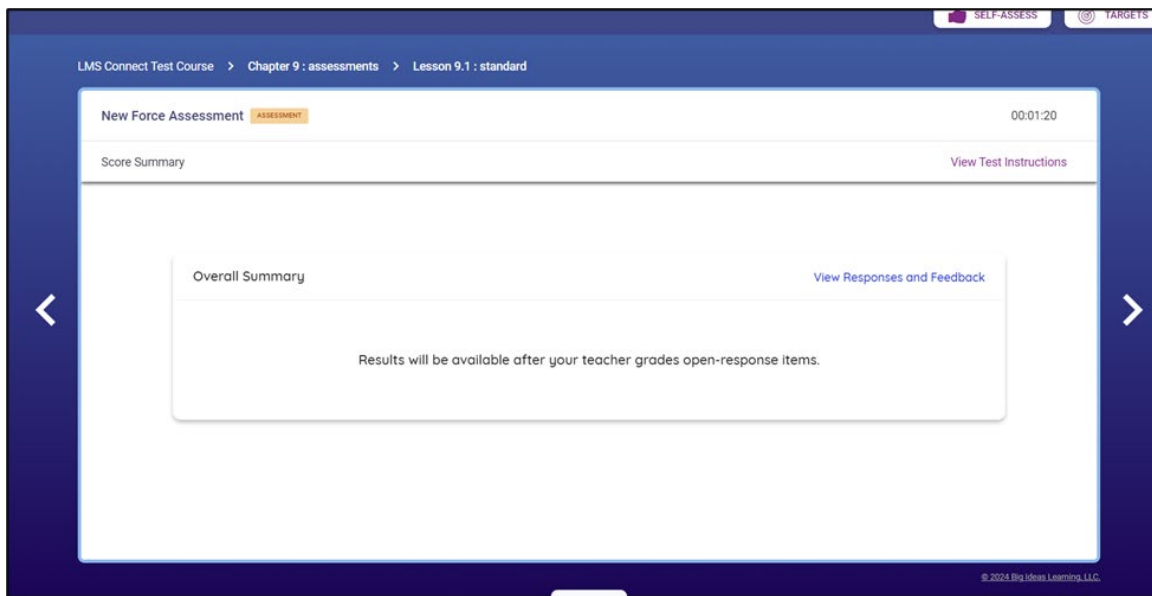

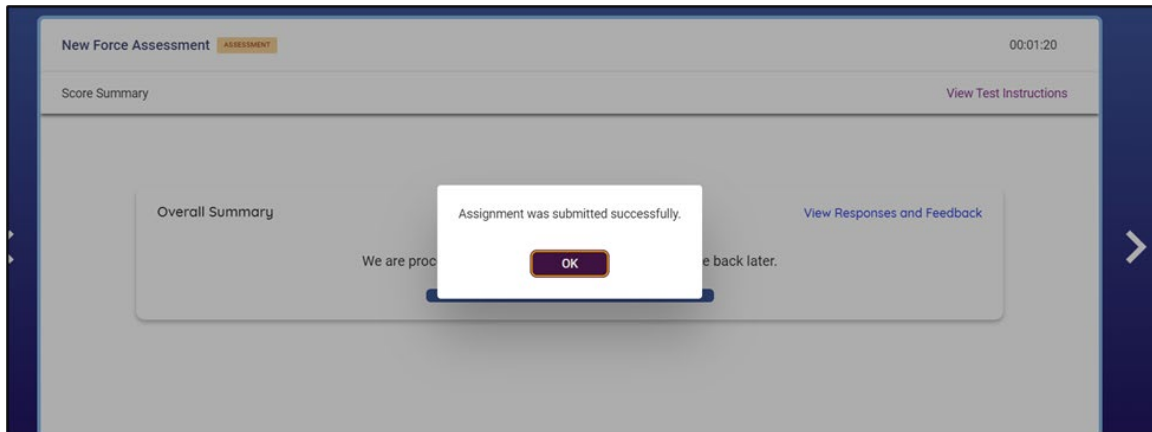

Step 8: Upon doing so, a confirmation modal will appear, showing how many questions have been attempted and how many were skipped. The student can review this information and decide whether to submit the assignment or go back to address any missing questions.

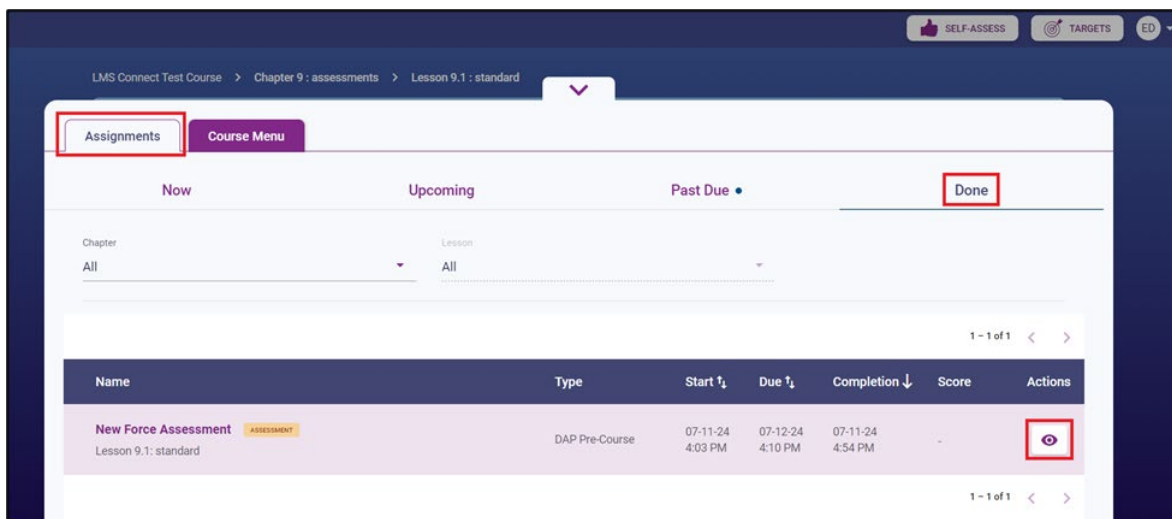

Step 9: After submitting the assignment, students will need to wait for their grades.

If the assignment is system-graded, students will see their grades within a few minutes. However, if the assignment requires manual grading by the teacher, students will have to wait until the teacher completes the grading.

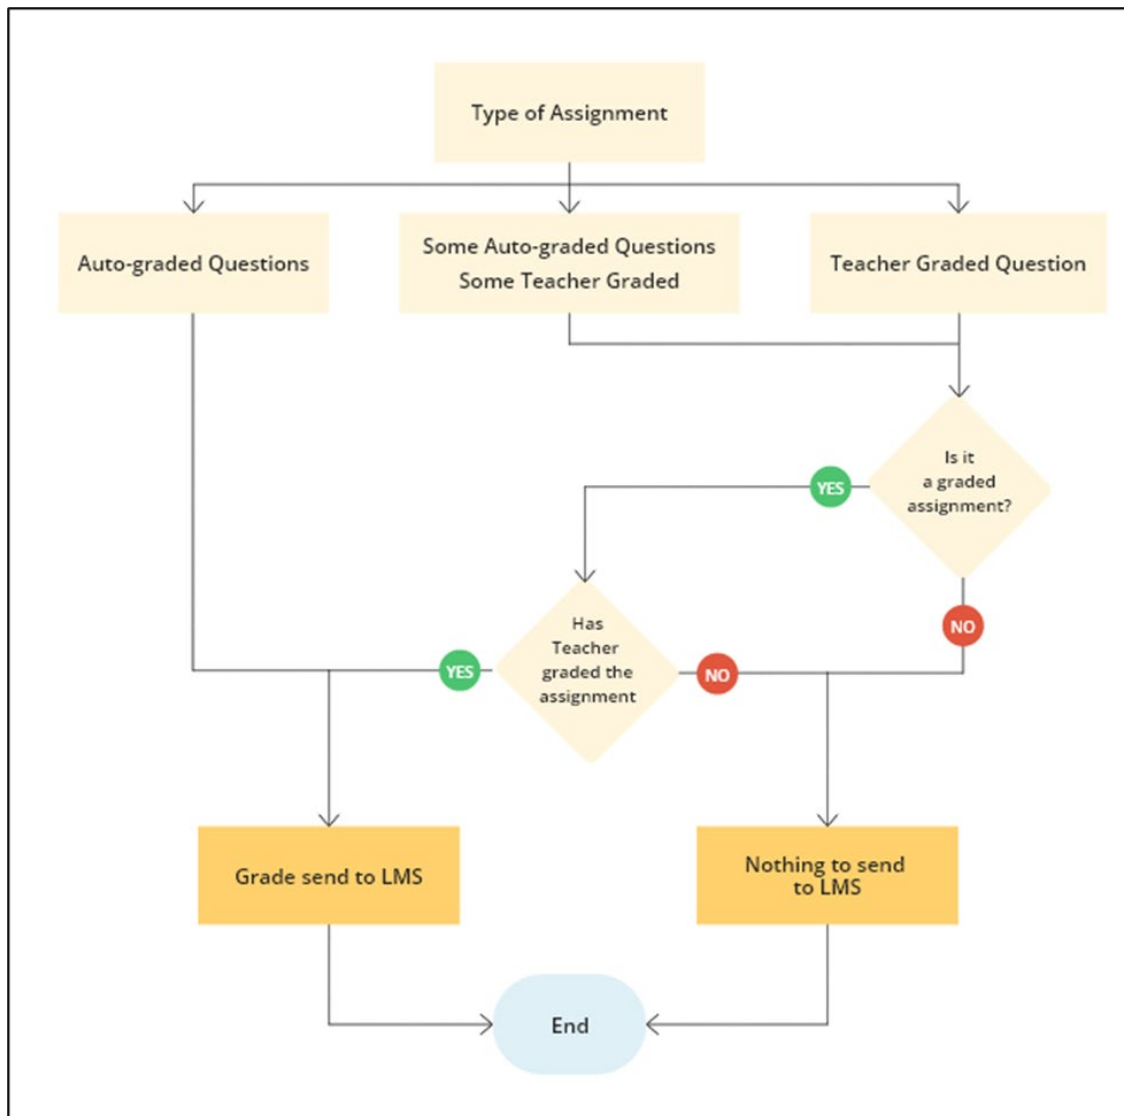

Step 10: Students can always view their submitted assignment in the **Done** tab. Select the **Eye icon** to view the grades and details.

ADA Grade Passback Clever LMS Connect

Types of Assignments

- 1. If all questions are auto-graded**
The assignment will then be added to a queue to send the scores to the LMS via LMS Connect.
If there is any issue with submitting the grade, the teacher will have the option to resync it using the grade and comment tool.
- 2. If some questions are auto-graded and some questions are teacher-graded**
Then the assignment will not be sent back to LMS until the teacher completes grading.
- 3. If all questions are teacher graded**
Then the assignment will not be sent back to LMS until the teacher completes grading.

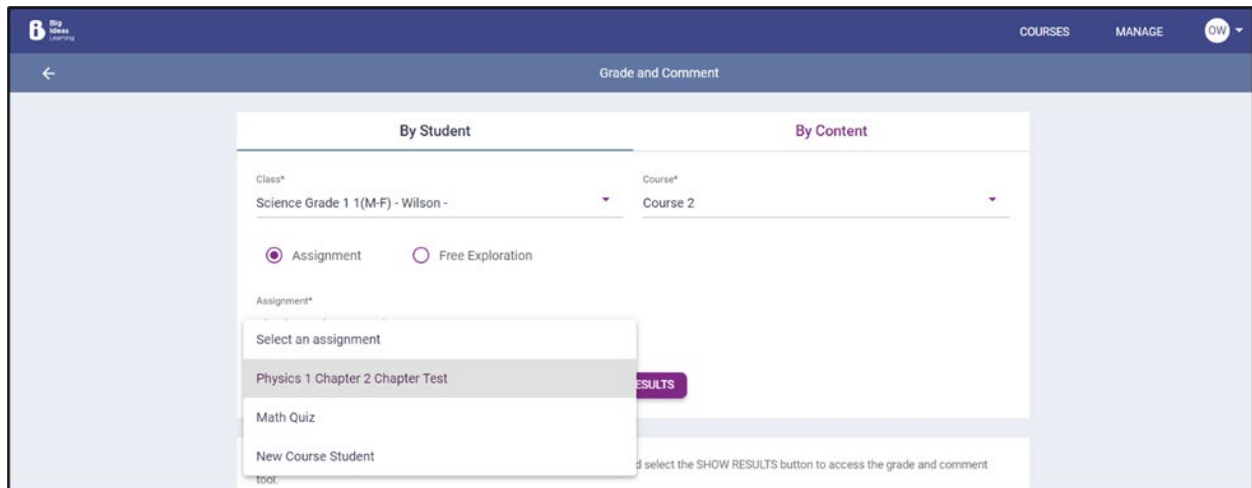

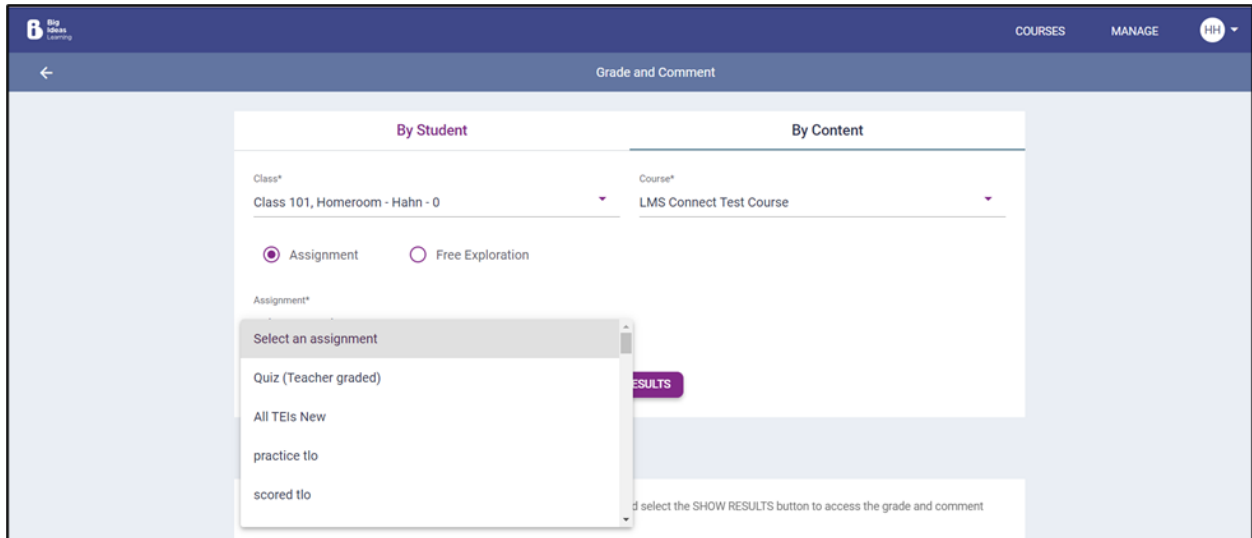

Steps for Teacher to grade an assignment

Step 1: The teacher can grade and add comments to the submitted assignment by selecting the **Grade and Comment** option from the profile icon menu.

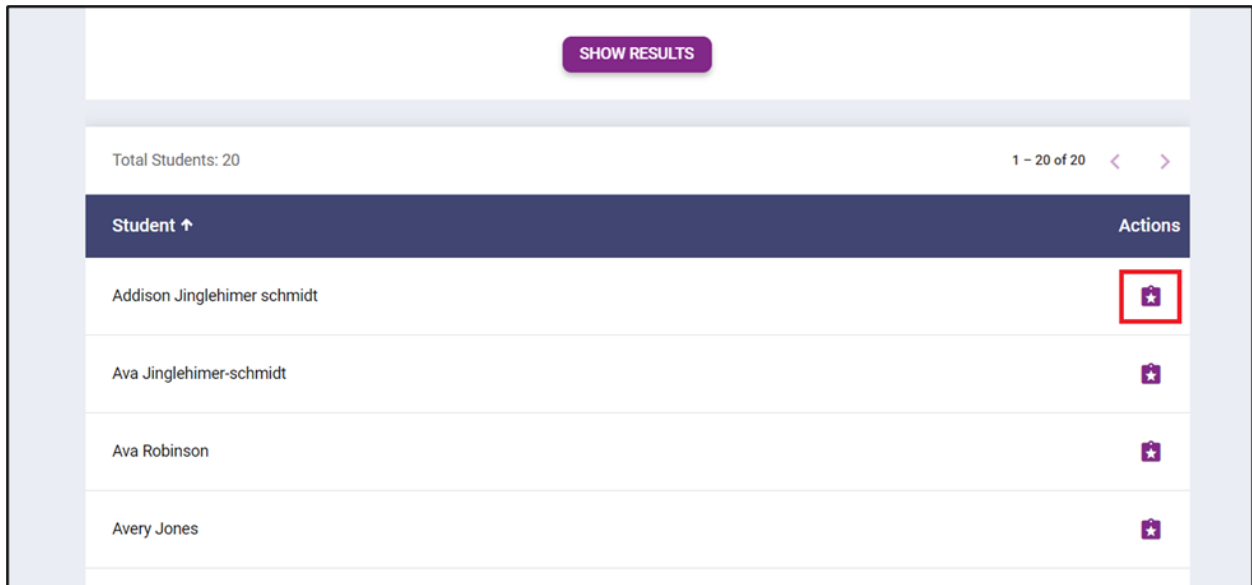

Step 2: On the *Grade and Comment* page, in **By Student** and **By Content** tab the teacher can filter assignments using the filters.

Step 3: Once the filter is applied, in *By Student* Tab the teacher can view the list of all students who were assigned the assignment. By clicking the Evaluate icon next to a student's name, the teacher can see the student's responses and grade them accordingly.

in *By Content* Tab the teacher can view the list of all the content. By clicking the Evaluate icon, the teacher can see the student responses and grade them accordingly.

The screenshot shows the 'Grade and Comment' interface. At the top, there is a 'SHOW RESULTS' button. Below it, a checkbox for 'Show Only Pending Evaluation' is present. The main content area displays a list of questions. The first question is '1+2= (custom Feedback)' with a mathematical expression: $789 \div 456 \times 123.0 = + - \frac{23}{65} - \frac{9}{6} 96 (6) [36]_6^3 \sqrt{5} \sqrt[9]{9} |6| - [\text{math}]...$. The 'Number of Submission(s)' is 1, and 'Pending Evaluation(s)' is 0. A red box highlights the 'Submit Points' icon in the 'Actions' column.

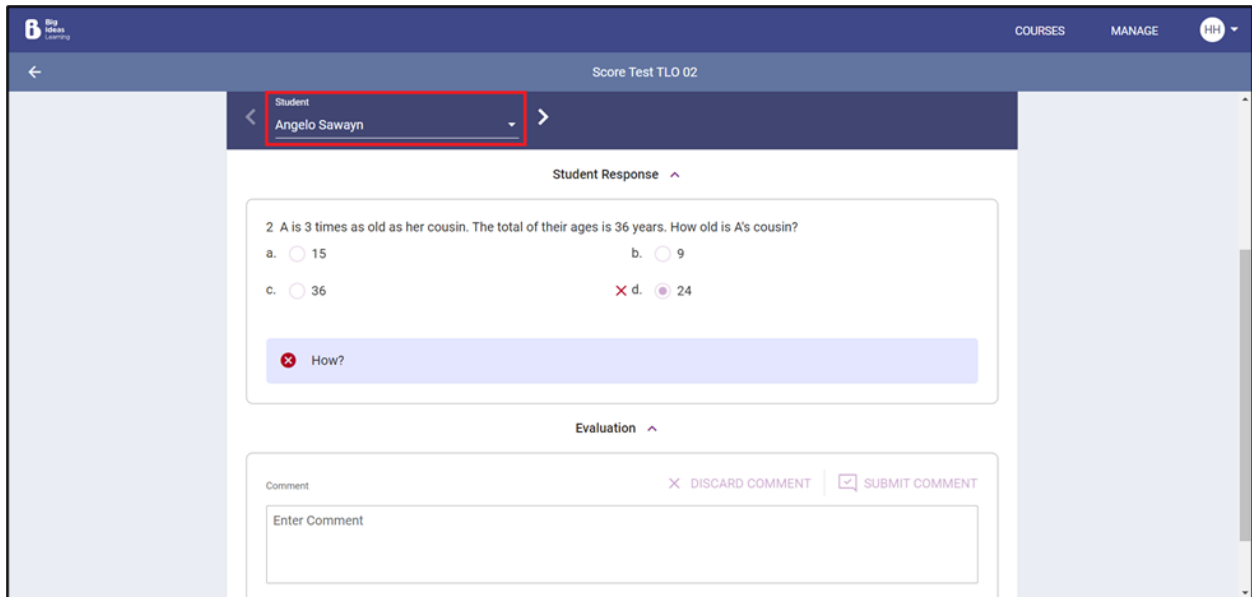

Questions	Number of Submission(s)	Pending Evaluation(s)	Actions
1+2= (custom Feedback) $789 \div 456 \times 123.0 = + - \frac{23}{65} - \frac{9}{6} 96 (6) [36]_6^3 \sqrt{5} \sqrt[9]{9} 6 - [\text{math}]...$	1	-	
2 A is 3 times as old as her cousin. The total of their ages is 36 years. How old is A's cousin?	1	-	
3 12601 MS	1	-	
4 "There were fewer calls for breathing problems than water rescues." Anujna Group	0	-	
5 "One hundred forty-two thousand, five hundred three calls were made for water rescues."	0	-	

Step 4: The teacher can add comments and assign grade points based on the student's answers. When the teacher clicks **Submit Points** the grades will be synced with the LMS.

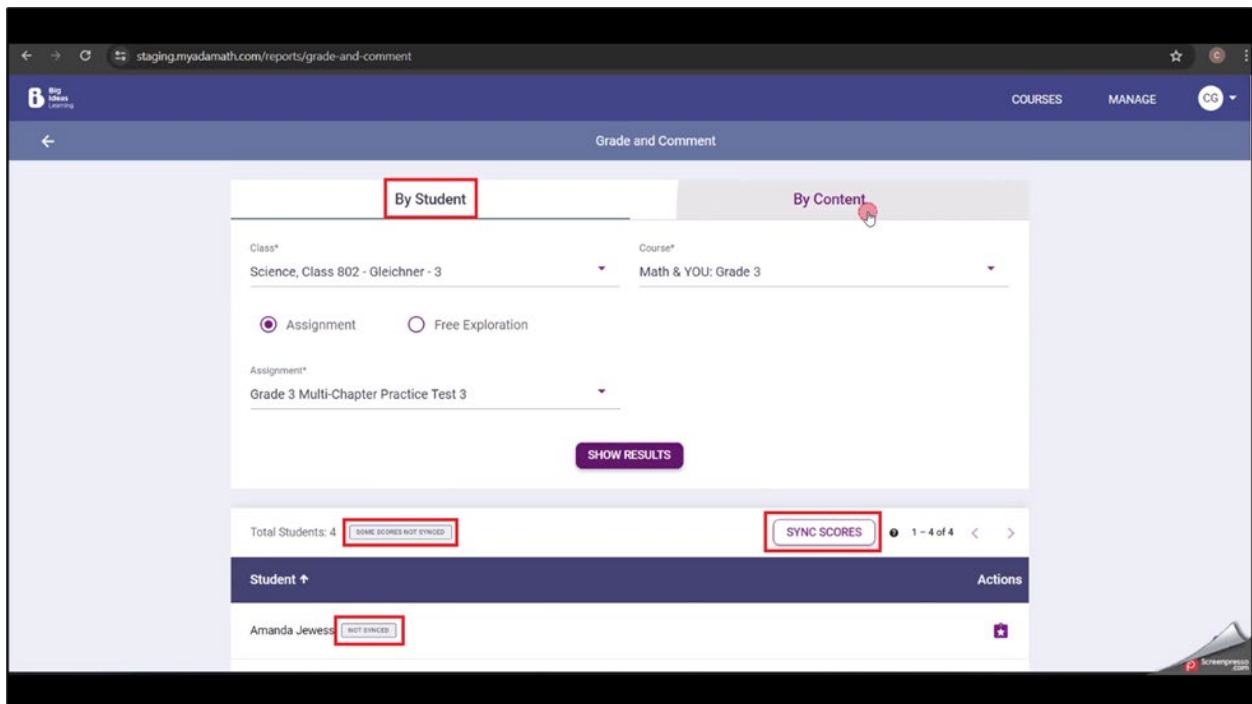

The screenshot shows the 'Evaluation' interface. At the top, there is a text area for comments with the text 'This is a tangent line'. Below it, there is a 'Comment' section with a text input field and buttons for 'DISCARD COMMENT' and 'SUBMIT COMMENT'. A red box highlights the 'Submit Points' button at the bottom right.

Points for the question: **SUBMIT POINTS**

Grading for content wise. Teachers can view answers for one content for each student and give them grades.

Step 5: If grade syncing fails, a label **SOME SCORES NOT SYNCED** will appear next to *Total Students: <Student count> information*. The **SYNC SCORES** button will be enabled, allowing users to attempt syncing grades again. A **NOT SYNCED** label will be displayed next to the names of students whose grades were not synced.

Step 6: View grades information on Schoology.

Teacher View. Teachers can view all the grades in **Course Option > Gradebook**
